

Coding Challenge 4-Object Properties Solution

Solution-

```
var book={
  name: "Java",
  authors: ["Ujjawal"],
  "publication year": 2019,
  publisher: "Oracle",

  "change name": function (newName) {
    this.name= newName
  },

  addAuthors: function(author) {
    this.authors.push(author)
  }
}

console.log(book);
book["change name"]("Python")

console.log(book);

book.addAuthors("Harshit");
console.log(book);
```
