Coding Challenge 3 - Solution

Solution-

```
<!DOCTYPE html>
    <head>
        <title>Css access by JS Code</title>
    </head>
    <body>

    </body>
    <script>
        document.documentElement.innerHTML="<h1 id='header'>This is a demo
header inserted in a empty body html page using js code</h1>";

        var h1=document.getElementById('header');
        h1.style.color='Yellow';
        h1.style.fontSize='78px';

    </script>
</html>
```
